

Hands Down

Heavy Duty Hand Cleaner with Scrubbing Microbeads

DESCRIPTION

Hands Down is a heavy duty liquid hand cleaner specially formulated with scrubbing microbeads that provide a gentle deep cleaning action. It easily penetrates, cleans and removes ink, paint, coatings, grease, oil, dirt and virtually all other soils from hands with or without water. Hands Down was developed using the latest technology in natural and biodegradable hand care ingredients. The rich lathering formula rinses freely and is fortified with aloe for a soothing finish that protects hands against drying and chapping. The pleasant lemon-lime scent leaves skin with a fresh and clean feeling.
